

September 3, 2019

Dear Parents or Guardians:

Situations may arise wherein a student may require additional learning support in the core subject. This could include:

- “catch-up” work due to absences
- additional small group help with an assigned project
- short or long term support in a particular subject.

Learning Support is provided by the Learning Support Team headed by Mrs. Nancy Eassie & Mrs. Val Samuel, Special Education Resource Teacher. This support takes place either within the classroom, library, or the Multi-Purpose Room.

If you wish this support for your child (should it be needed), please sign and return the permission slip below. Please feel welcome to come and discuss any learning concerns regarding your child with myself and the classroom teacher.

Yours truly,

Mrs. Nancy Eassie
Learning Support Teacher

Mrs. Val Samuel
Special Education Resource Teacher
