Pre-school – Grade 3

Our philosophy is to have our students immersed in our SENĆOŦEN language through core subjects (SENĆOŦEN play-based model, Jump Math, Science, Socials, P.E)

Why is it important ?

Immersion is the most effective way to learn a language as it creates a natural learning environment similar to how we learn our first language (FPCC, 2018).

W̱ENITEM,ḴEN (English)

Currently English is introduced as a subject in the intermediate Grades 4-9. Students will be receiving English/Math in the English medium. Joyful literacy framework, as well as corrective reading are two of the programs that we use in the bilingual program for English. Currently we are using the JumpMath program.
