We are thrilled to welcome all of our wonderful students back to school! We hope everyone had a fantastic summer break and enjoyed some well-deserved time with family and friends. It's been amazing to see all of your smiling faces this week, and we couldn't help but notice how much everyone has grown over the summer!

This year, we are especially excited to introduce our new Strategic Plan for the WSÁNEĆ School Board. This plan will guide the important work we do at the school and strengthen our support for students and families. We are also happy to share all updates for September and the start of the new school year, ensuring everyone is informed and ready for the year ahead.

It's an exciting time for our school community, and we're eager to see all the great things that this school year will bring. Here's to a year filled with learning, growth, and new experiences. Together, we can achieve great things!

New Staff Introduction

ÍY, SŁÁĆEL,

My name is Tyler Dean, and I am so excited to join the ŁÁU, WELNEW team this year as the new grade 2 teacher. I am Mi'kmaq First Nations; I was born in Halifax, Nova Scotia, but grew up on the mainland. I have lived in Victoria for 10 years now. I am a graduate of the University of Victoria's teacher education program specialising in elementary education, and have experience tutoring students from Kindergarten to Grade 12. I feel a sense of belonging since walking through the doors here at ŁÁU, WELNEW. I hope to be here for a long time!

Student Attendance

Dear Parents and Guardians,
As we start the new school year, we want to highlight the importance of regular school attendance. Every day in the classroom is crucial for your child's academic progress and personal development.

Consistent attendance helps students stay engaged, build good habits, and take full advantage of their educational opportunities. Your support in ensuring your child attends school regularly is vital for their success.

Thank you and let's make this year a great school year for all our students.

Meet the Counsellor

Sarah
Lefebvre

With over 18 years of experience working in mental health, I have a passion for meaningfully supporting children and youth in the families and communities they are nestled within using a strength-based, trauma-informed and relational approach. In addition to a background in Child and Youth Care and Counselling Psychology, I am completing my Master of Counselling.

As a school counsellor with additional training in play therapy, I am thrilled to be able to offer students a therapeutic play space in addition to social emotional support. I value the importance of family, community and culture and understand healing as a holistic process that includes mental, physical, spiritual, and emotional well-being. I would love to connect so please reach out anytime if you would like to chat about how the counselling department can support your child, the programming we offer, and any questions you may have.
